

DOHA, QATAR - FULL TIME SMALL ANIMAL *New Position*

Emergency and Critical Care Veterinarian to lead our team

Great Clinical Experience, Focus on Pets and Education, Excellent Location, Tax Free Package

The Canadian Veterinary Hospital in Doha Qatar is looking for a veterinarian interested in working in a beautiful state of the art hospital which opened in the summer of 2011.

We are searching for a highly dedicated, gentle, compassionate and progressive veterinarian who will embrace effective communication and enjoy working with our clients. We believe in a team approach, working with colleagues, staff and owners, to ensure every pet receives the best care and follow up. Our team here strives for clinical excellence, and has a keen interest in teaching, learning and continuing education.

We primarily provide care for cats, dogs and parrots, some pocket pets and the occasional exotic pet or wildlife. We have an extensive rescue and rehoming program which we fund. Whether a pet or stray, every patient deserves the best care we can provide.

We are searching for a veterinarian to join our international team from South Africa, Spain, the UK, Germany and Canada.

Currently we are looking to expand and are looking for a veterinarian who has experience in and enjoys the pace of Emergency and Critical Care Medicine and Surgery. Ideally we would prefer a vet with an internship or residency, however we would also consider someone who has been working in this field in a referral center who has been passionate about continuing education in this field.

The chosen candidate should adhere to the highest standards of medical practice and ethics, hold a degree recognized by the RCVS or equivalent, have outstanding interpersonal skills, and an excellent command of both written and spoken English.

We are a fully computerized practice (Avimark), with registered experienced nurses who offer great support to our veterinary team. We are equipped with two full exam rooms, complete Idexx laboratory in house, plus referral to Idexx UK, digital X-rays, veterinary ultrasound (abdominal and echo), dental X-rays, top of the line dental equipment, full surgical suite, gas anaesthesia, monitoring equipment, iv pumps, syringe pumps, fluid warmers, oxygen concentrators, isolation wards, separate cat and dog wards, pet grooming, boarding, retail, food, pet relocation and more.

This is a wonderful opportunity to experience an interesting and high case load, in a caring, friendly, supportive environment. We see a tremendous number of emergency and critical cases. We would like to find a veterinarian with experience in this specialized field, to lead, teach and advocate for our patients.

We serve a large expat and local community and are looking for veterinarians who are open minded, have a positive attitude to all people.

Doha is an extremely safe, modern and multicultural place to live. Whether it is sports, the arts, entertainment, nature, shopping or travel, Qatar offers a wide range of opportunities for all.

Qatar is a perfect jumping off point for travel to other parts of the world, such as Asia, Africa, Europe, the Maldives and more.

We offer an excellent competitive tax free salary and a full benefit package.

Interested candidates: please email your cover letter and CV to Hr@canvethospital.com
