

## Position Title

### Small Animal Emergency & Critical Care (ECC) Medicine, Clinician Educator

## Position Description

The Department of Clinical Sciences and Advanced Medicine, University of Pennsylvania School of Veterinary Medicine invites applicants for a **standing faculty** position in **Small Animal Emergency and Critical Care (ECC) Medicine, Clinician Educator track**.

**Location:** Philadelphia, Pennsylvania

Candidates must have a veterinary degree and board-certification in the American College of Veterinary Emergency and Critical Care (ACVECC). Though negotiable, the anticipated start date of the position is July 2020. Salary will be commensurate with professional and academic credentials and experience. Applications will be considered until an appropriate candidate is identified.

The successful candidate will be responsible for developing and maintaining the excellence of Penn Vet's clinical programs in **Emergency and Critical Care Small Animal Medicine**, Education, and Service. The candidate will be responsible for didactic, laboratory and clinical teaching of veterinary medical students, participation in patient care, supervision of residents and continuing education for veterinarians locally and nationally. Clinical Educators are members of the standing faculty who spend the majority of their effort in clinical and teaching endeavors, with the balance of their efforts devoted to research and other scholarly pursuits. To facilitate research and scholarly activity, clinical service will not exceed 67% of the faculty member's time.

The successful candidate will enjoy a wealth of opportunities that will enable the fulfillment of these responsibilities in a highly collaborative, intellectual clinical environment at a busy academic teaching hospital that provides state-of-the-art patient care ([www.vet.upenn.edu/about/what-we-do/pennvet-leads](http://www.vet.upenn.edu/about/what-we-do/pennvet-leads)). The Section of Emergency and Critical Care employs 9 DACVECC-boarded faculty in a Department with more than 30 diplomates of multiple American certifying colleges that are in direct support of the program. There are currently 10 residents enrolled in the ECC residency-training program. The medical team includes a highly trained and experienced professional nursing staff, many of whom are specialty certified in ECC. Adjacent to the veterinary hospital is three world-class biomedical hospitals and research centers, which provide excellent opportunities for collaboration: The Perelman School of Medicine, the Children's Hospital of Philadelphia, and the Wistar Institute ([www.upenn.edu/researchdir](http://www.upenn.edu/researchdir)).

The University provides a comprehensive and competitive benefits package, which includes multiple options for retirement savings and tuition benefits for the candidate's spouse or dependent children. This is an outstanding opportunity for an individual who enjoys living and working in a vibrant urban environment with an abundance of cultural resources, including music, art, theaters, and fine dining ([www.upenn.edu/life-at-penn/philadelphia](http://www.upenn.edu/life-at-penn/philadelphia)). Philadelphia offers easy access to New York and Washington DC. Additionally, Wissahickon Valley Park, Valley Forge National Park, and many more recreational amenities are within minutes of the city for the nature enthusiast.

## Qualifications

Candidates must have a veterinary degree and board-certification in the American College of Veterinary Emergency and Critical Care (ACVECC). Though negotiable, the anticipated start date of the position is July 2020. Salary will be commensurate with professional and academic credentials and experience. Applications will be considered until an appropriate candidate is identified. A track record of collaborative research is desirable.

## Application Instructions

**Applicants should apply electronically via the Penn website. The system will prompt you to attach a letter of intent including a statement of personal goals, curriculum vitae, and the names, addresses, phone, and contact information for three references addressed to Dr. Deborah Silverstein- Search Committee at [dcsilver@upenn.edu](mailto:dcsilver@upenn.edu).**

**Additional questions may be directed to Sandy LaMonaca - Executive Assistant at [sandrala@upenn.edu](mailto:sandrala@upenn.edu)**
